BALLOT FOR ELECTION OF OFFICERS  
AEG OREGON SECTION 2014-2015

Please indicate your vote by checking the box next to the candidate’s name for each office, or by writing in a name. Your ballot should be sent to Darren Beckstrand (Section Past Chair) at: dbeckstrand@cornforthconsultants.com or Darren Beckstrand, c/o Cornforth Consultants, Inc., 10250 SW Greenburg Rd, Portland, OR 97223. Please return by July 15, 2014. The new slate of officers will be announced at the September meeting.

☐ CHAIRPERSON
Linda Mark
Linda has been active with Oregon AEG since 2007. She received her BS degree in Geosciences from Penn State University and her MS degree in Geology from Idaho State University. Upon graduating, she worked at the USGS Cascades Volcano Observatory for over 5 years. For the last 9 years, she has worked for ESA Vigil-Agrimis, Inc. as a consultant specializing in geomorphology, hydrology, hydraulics, and environmental permitting. She is a Registered Geologist in Oregon, Washington, and Alaska.

(write in line_____________________________)

☐ CHAIR-ELECT
Adam Reese
Adam has been active with Oregon AEG since 2007. He received BS and MS degrees in Geoenvironmental Studies from Shippensburg University of Pennsylvania and completed post-graduate studies in environmental and engineering geology at Portland State University. He has 13 years of environmental and geotechnical consulting experience, primarily in the Pacific Northwest. For the past seven years, he has worked for Apex Companies (formerly Ash Creek Associates) in Portland. He is a Registered Geologist and Certified Engineering Geologist in Oregon and Washington.

(write in line_____________________________)

☐ TREASURER
Stephen Hay
Stephen has been active with Oregon AEG since 2007. He received his BS degrees in Geology and Geography from Portland State University and has been working as an engineering geologist for 17 years. For the past 14 years he has been employed with the Oregon Department of Transportation and is responsible for transportation project design, quarry development, landslide and rockfall geotechnical emergency response and hazardous materials emergency response. He is a registered Geologist and/or Certified Engineering Geologist in Oregon and Washington.

(write in line_____________________________)

☐ SECRETARY
Mark Swank
Mark has been a part of AEG since 2005 and active in Oregon since 2009. He received his BS degrees in Soil Science from Cal Poly San Luis Obispo and his MS in Geology from San Jose State. He has been working as an environmental scientist and geologist for 12 years. For the past 10 years he has been employed with the Kleinfelder and is currently the geotechnical group manager and the national Technical Practice Leader for Engineering Geology. He is a Registered Geologist and Certified Engineering Geologist in Oregon and Washington.

(write in line_____________________________)

Upcoming Meetings:

Please contact the Oregon Section board with ideas, presenters, and topics for next season.
Photos from the recent Cape Meares - Three Capes Loop Road Field Trip. Fun was had by all at this massive landslide. Will you be coming to the next field trip?
“Keen observation is at least as necessary as penetrating analysis”

Karl Terzaghi
TECCO® stabilizes steep earth, loose rock and rock slopes and grows into one with nature

The TECCO® slope stabilization system is the cost-effective and greenable alternative to shotcrete constructions and conventional mesh solutions.

- System dimensioning is measurable
- Freely selectable anchor points
- Fast installation over large areas
- Practically invisible when the vegetation establishes
- CO₂ footprint is significantly better than with shotcrete

To be removed from the list, send any message to aegoregon-unsubscribe@groups.electricembers.net. News items are invited and should be sent to: Scott Braunsten, OR Section AEG Newsletter Editor, PBS Engineering and Environmental, 4412 SW Corbett Avenue, Portland, OR 97239, e-mail: scott.braunsten@pbsenv.com, phone (503) 417-7737. Electronic media is preferred. Deadline for submittal is the 25th of the month. Advertising: business card $100/yr; ¼ page $200/yr; ½ page $350/yr; 1 page $450/yr. Please notify Scott if you have a change to your email or mailing address.

The Association of Engineering Geologists (AEG) contributes to its members' professional success and the public welfare by providing leadership, advocacy, and applied research in environmental and engineering geology. AEG's values are based on the belief that its members have a responsibility to assume stewardship over their fields of expertise. AEG is the acknowledged international leader in environmental and engineering geology, and is greatly respected for its stewardship of the profession.
